

## Message Two—Study Questions

1. What is the intrinsic meaning of the vision of the age, the ministry of the age, and the minister of the age?
2. What is the intrinsic significance of idolatry, and what was Elijah's ministry as an overcoming "anti-testimony" in order to maintain God's testimony?
3. Why can we say that Elijah was a man of prayer, what was the significance of God speaking to him in "a gentle, quiet voice," and who are the Lord's "hidden ones" (Psa. 83:3b) to express Him as "a God who hides Himself" (Isa. 45:15)?
4. What is the intrinsic significance, revelation, realization, and experience of the four crucial journeys through which we must pass in order to enter into the ministry of this present age, so that we can be brought into God's ultimate goal and meet God's ultimate need? (THIS IS THE MOST CRUCIAL PART AND BURDEN OF MESSAGE 2).
